

1

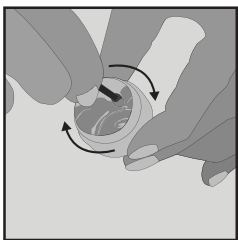

Squeeze 1/2 inch of color paste (tube) into mixing dish.

2

Add 5-8 drops of liquid oxidizer (bottle) into mixing dish. Measurement should consist of equal parts.

3

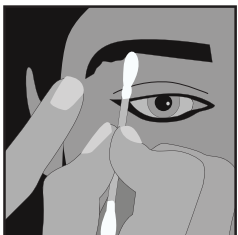

Mix into a creamy (frosting like) consistency using the mascara wand.

4

Apply mixture onto eyebrows using the brush applicator.

5

Use cotton swabs to wipe off any excess color that gets on your skin. Let deep brown color process for 2-5 minutes (10-12 min maximum). Let Natural brown color process for 5-10 minutes (20 min maximum).

6

Wipe off color using a wet paper towel.

\*If there is any unwanted color left on your skin, use rubbing alcohol on a cotton swab to remove it.\*

**PRIOR TO USING THIS KIT,  
READ ALL INSTRUCTIONS CAREFULLY.**

**WARNING:** This product is NOT intended for use on the eyelashes. To do so could cause blindness. Avoid contact with the eyes. Rinse eyes immediately if product comes into contact with them. Not to be taken internally. KEEP OUT OF REACH OF CHILDREN.

\*\*Perform an allergy test with the mixture on your hand 24 hrs before applying the eyebrow tint. It is possible that some individuals may have skin irritation.
